#### REMARKS

Based on the Examiner's recommendations, Claims 1-29 have been canceled. It is respectfully requested that Claims 30-31 be allowed, as they have already been accepted by the Examiner to be allowable over the art of record. New Claims 33-39 are rewritten versions of Claims 2, 3, 9, 18-20, and 27, which were objected to by the Examiner as being depended on rejected base claims. However, these rewritten versions have been amended so as to become independent of the rejected base claims.

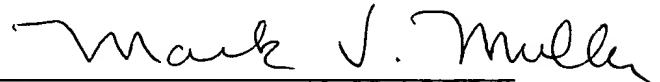

It is respectfully urged that, in view of the above cancellations, amendments and remarks of the above-identified application, the claims considered allowable by the Examiner prior to filing the Appeal Brief should now be in condition for allowance. The

cancellation of Claims 1-29 should now render the Appeal moot. Any deficiency in fees due to the addition of claims may be deducted from PTO Account No. 10-0447.

It is, therefore, respectfully submitted that all of the remaining claims of the above-identified application are in condition for allowance, and an early action to that effect is earnestly solicited. Should the Examiner feel that the prosecution of the above-identified application may be materially advanced by a telephone call, he is hereby urged to call the undersigned at the number listed below.
